Driveable RV Return Form

This form is completed upon the return of the RV. The form must be completed. Incomplete forms, forms that have been altered after signature, and forms that have been crossed out or overwritten may result in denial of any security deposit or insurance claims.

Step 1: Damage Walkthrough

In this section, you will record any damage that occurred during the RV rental that was not noticed prior to rental. All damages must be photographed and uploaded via the app or Owner Dashboard on web. You must do a comprehensive review of the condition of the entire interior and exterior, including the undercarriage and the roof. Although you have 48 hours to report damages to Outdoorsy, it is strongly encouraged that you discover and document any and all damages now so that the renter can sign off on them. This will eliminate the possibility of a claim or security deposit dispute.
